Place about 7-10 potstickers/dumplings flat side down in to the pan and add about ¼ cup of cold water to evaporate. Continue to cook for about 20-30 seconds after the water evaporates so that the bottoms of the potstickers/dumplings turn golden brown. **Boil:** Put about 5 cups of water into a pot and bring to a boil. Add 7-10 potstickers/dumplings into the pot. Cook for about 2-3 minutes or until the potstickers/dumplings start to float to the surface. Drain out excess water and enjoy!

Steam: Add 7-10 potstickers/dumplings into the steamer. Cook for about 4-5 minutes. For food safety and quality, internal product temperature must reach 165°F / 74°C.
